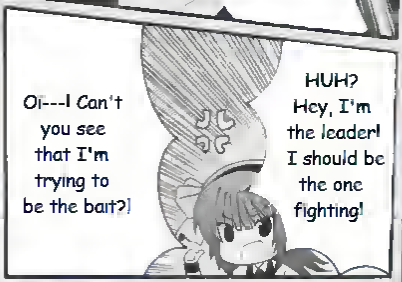
Uh... Who are you? Are you Tenshi's... No, the Student Council President's partner?
Do you know where God is?
And... What are you doing here?
Wa! Nooooo
That won't work. She's ignoring us, we have to win her over
But we're empty handed! How is it even possible?!

Crap! That person is heading towards Yurippe!
Hey! Over here! I'm the one who wants to fight you!



Oi---I Can't you see that I'm trying to be the bait?
HUH? Hey, I'm the leader! I should be the one fighting!

If you're the bait, then make it more perverted! Like "I've seen you stripping naked before"
"I want to smell how bad you smell like when you have not bathed"
"Please kill me, the pervert pig! Haha!" or something like that!
Wha..What are you saying!! But, I think I got an idea of what you mean!

Ah...

## 前情提要

前情提要

Wah! You're so disgusting! I can't keep such a pervert in our team any more, I must fire you the moment we return.

YOU'RE THE ONE WHO ASKED ME TO DO THIS!!

Ahh yes yes, have you taken a bath before? Don't you smell somewhat "special"? It smells so good. Heh heh.

Ahahaha. My pervert senses had given me visions of you stripping naked... Ahh... You're so cute! Those angry faces of you are just so cute~

Now we have to wait for Ooyama and the rest to come. We'll have to grab on to that only chance of escaping.

It's working. Her attention is now on me.

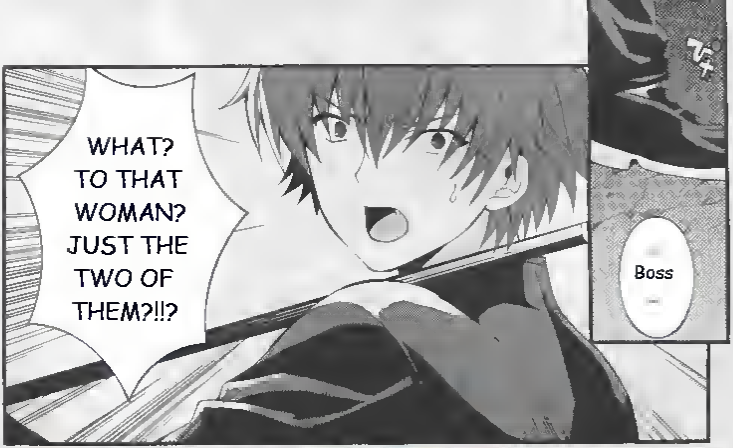
Please run
Argh!
Ah? Wait wait! Why are you running!? We're already a team, please come back!
Yurippe and Hinata had already headed to the boss! We should help them together!!
Ah! Noda-kun is right over there!
!!



WHAT? TO THAT WOMAN? JUST THE TWO OF THEM?!!?
Boss

I'm not. Yurippe just reminds me of my wife, that's all. We are not in any relationship.
You jerk!! How can you let the two of them go on their own?! Aren't you Yurippe's husband!!??

The boss is a female? Then there shouldn't be a problem. Hinata's a man, plus Yurippe isn't an easy one too
That person is more than the two of them could handle!!

Wh- what ?!
That... that means

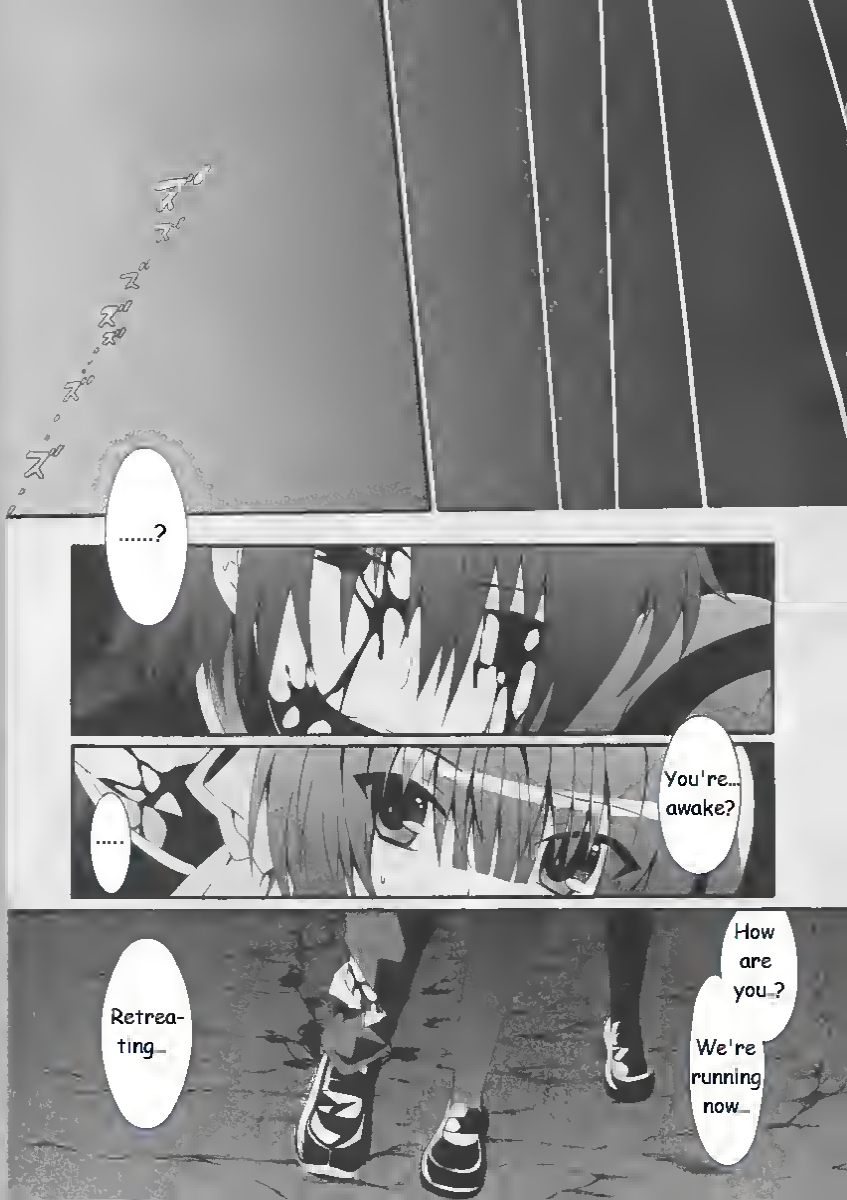
What happened?!
Huh?! Hey.. hey wait!!
LET'S GO SAVE THEM!!! YURIPPE !!!!!
Yurippe...?
Yurippe... Did she manage to escape..? Who turned off the lights? Why is it so dark now?

I'm fine... Only my clothes were slashed... Right from the beginning...
It'll be okay... Only my clothes...
My clothes...
It's ok...
Just my clothes...
..... Please..... Stop....
I'm still standing... Hurry up...
Yuripe, please...
Hinata-kun!!!!
Stop it already!! Can't you hear me!?

You're already badly injured!!!!
Why are you still standing!? Hurry up and fall!!!
Even your chin..!! THEY'RE ALL GONE!!
What did you say..? If they are all true... Then I am already a corpse... Your joke is too unrealistic....
Your arm is already...!!
You're still here, Yurippe?
I told you to run... How dumb...
Your leg too...!!

Unrealistic
...
That was just... a mere punch... only...

Please, Yurippe...
Hurry ...
Run
Hurry up ...



.....?
.....
You're... awake?
Retrea- ting...
How are you...?
We're running now...

I'm... I'm such a useless leader...
It was my responsibility... I wanted to protect all of you... This...isn't this all just like that... time?
We must hurry before she sees us...
But... With her abilities she can easily sense us just by our breath... She'll catch up in no time...
I can't believe... I can't believe we got caught with such a dangerous person... If only I did not insist in bringing you here...
But I will not let you go I will never bring you back there again...
